The Internet she networks from Computers Spread out around the world All together progress service to provide Information Textual and pictures and video and possibilities Messaging Immediate via the world.

# Chat

Real-time chats and instant messaging are a great way for children to discuss their interests and make friends, but many internet users hide their real identity and children can fall victim to scammers and fraudsters. It is therefore important to teach children to use online chat wisely.

## You should:

- Use a first name or nickname to identify yourself.
- Never reveal your phone number or address.
- Don't send photos.
- Don't meet up with someone you have met in chat without supervision.

---

Chat Means Enjoyable to communicate with Friends and individuals Family by writing and the sound and the picture in all Around the world

---

## To remember

- Caution and pay attention when Speaking with from no You know them.
  - Consultation Adults if I was not sure from commander what.
  - there people on Internet They pretend Other than what they attic in the truth
- 

# Games

there Many from Annoying people in Internet from whom They practice Playing Professionally and they work on Sarcasm from Beginners or Failure games others and also Use language not suitable and cut off Corridors Login to The game Arriving to Use Playing For purposes Other.

- Don't Be afraid to understand They make up rate Simple in Internet.
- I have Locations that Availability Games Methods Good to apply Laws On Them and reduce from Their influence.
- I use only Locations Trusted that Availability games video on Internet
- from Locations that Allow Games Good and safe oasis Security in Yahoo and also location Your security. But Try Discovery Locations The other that Allow for you Playing Safely and trust.

To play Safely:

- ignorance The annoying.
- Work on changing Options Playing to prevent means that Adopt It The annoying ones and have fun with privacy
- Try construction game especially, Allow Sites Games for subscribers by getting on game especially with them and their friends.
- I play in Sites Good and safe and she has it rules Strict and blogs behavior to protect you.
- Report Your father or responsible on The game in the site on Disturbing you
- no She responds Annoyance by disturbing Be Classy in Dealing.

## We can practice

Playing on Internet with Many from People in various Around the world from whom We know them or no We know them and practice Playing she Sunday Opportunities Brilliant to get to know on friends They love same Games that You love.

## To remember

- No Disclose for players on any Data Especially with you.
- Use names Borrowed but it is not arousing.
- No disturb Other than you from the people
- Be Positively in Your playing gesticulate You post it on Internet.

## Emails

mail Electronic important very to communicate with others and lets for a user mail Electronic Send and receive Messages from and to Friends and acquaintances and teachers and management Library that He borrows from her People Books in addition to Sites Playing and websites that Benefits from her People in Their research where They Can Get on Messages Contain on Lessons and research via Internet with what It benefits them in a way big in Their studies.

You could that Enjoy with resources Others Limited that He offers it for your mail Electronic from communication and share Information Pink and between Your Friends but Try that You get up Therefore to guarantee Benefit Complete from mail Electronic and its fun no Limited within atmosphere security.

- Non to download the pictures never from mail electronic not known Lost Contain on photo Disgraceful
- I use resources mail Electronic in Filter Messages from Filters and classifications
- Choose name Your Email with all know It is revealed with excitement or with information a personality
- To stop on exchange mail with any person He rises with your question Questions a personality
- There Messages not desirable It has (disgraceful - strange - accusative and fraud - materials Advertisement) in any a company from Providers service mail Electronic Beer their file Custom to reveal and deportation This is amazing Messages About You A little bit Gmail, yahoo mail.
- In addition to the pictures no Get up Download any file attached before Make sure from Solitude from Viruses that may It hurts with your device or with the device that You use it.
- Let it be Your Language Polite and correct Spelling before Transmission for your
- You could send Messages mail electronic to Many from People.
- Is used Many from People language especially To talk with Their friends Try Search on last Developments This is amazing the language.
- Mail Electronic Free and easy Dealing.

- You can send emails to many people.
- Many people use a special language to talk to their friends. Try to search for the latest developments in this language.
- Email is free and easy to use.

### To remember

- Send Messages for people Who You know them only
- So open Messages from people no You know them no Trust with them
- Read address message carefully

## Social Networks

From the important The signal to that the age Testator with it to register in Sites networks Social and communication Social He is 13 years old Hence He should on children Don this Age non Registration in This is amazing Locations. And often what is used People in the world This is amazing Pages and networks Social to communicate with Their friends in the school or The neighborhood or Their relatives in Countries Different and he managed Sites Communication Social from construction Pages Especially with its users and it can that displays user on This is amazing Pages (images). And movies video and information) in addition to formation Blogs a personality inside location communication Social and even presence Chat and his correspondent Instant.

To be able that make Page and deal Safely on network Social Let's We apply Instructions The following:

- Commit with laws the house or cafe Internet Private Using Internet and sites Dating Social You could Access to deal with Your Father with this The matter.
- See with Your father or person Trust with you content Your Page in a way My turn.
- No Accept Invitations Friendship from Strangers
- Consult Your father or person Trust with it to join to group I was invited to her. He is entitled for you to reject any invitation for a group or page Fans.
- Be careful on non-Use your name The complete or Addresses a personality
- If I was You write memoirs or Poems Show it on person Trust with it before Post it on Your page.
- Experience on Sites networks Social Enjoyable and wealthy So be careful on Share it with Your father or person Trust with it.
- If I felt by not Comfort So he came out immediately

---

One means Brilliant to communicate with Friends Who They share in Interests Public and hobbies and share in Files Textual and vocal and visual different.

---

### To remember

- Ask Your friends before Subtract Their pictures on network
- No Publish Files others not desires.
- Respect privacy The Others to be respected The Others Your privacy

---

### And remember

- Deal with details the pictures Smartly no Subtract Photo in it plate Street or number The car or name the school ;)
- No Cross on Your Emotions for strangers.

**NETLOG™**

## Blogs

There spread big for blogs and he divorces On her Record Daily Especially between children and teenagers from Your Friends Who They continue writing Their diaries on Internet with knowledge or without science Parents or Teachers and it is published one from all five teenagers Their records on Internet in addition to the name The Complete and loyal this gravity Big.

But what she benefits a job register on Internet blogging?

- To improve Your skills in Reading and writing
- To improve Your skills in communication and communication
- To improve Your skills in Expression and thinking Creative and cash.

He should on that respect the next in order to I blog My Diary Safely on Internet:

- Commitment with rules Use that I committed myself with it with Parents or teacher
- presentation what Write it down before Publishing for parents or The teacher.
- I rise Remove it any content from My page if He was in Show it gravity from any person strange
- Ask from Parents or teacher review and evaluation My page on Internet In a way periodic
- I rise By visiting Records my friends And sharing in Models Positivity And constructive.
- no Oldest Information a Joint About Me as numbers Phone Private at home or with my father or My mother or name teacher or My school or any information may Hurt me, I can Sitting with my father to determine Information " displayed "
- I will Delete any photo especially on My blog if He was in it privacy for anyone My acquaintances
- all what Bulletin on Internet he permanent until Even if I got up Delete it is possible Lay person in the world copy and retention with it and a bulletin Hence Won't Lift on My blog unless what I finished from him completely and it was confirmed from His Health and his honesty.
- I will participate only in Locations that progress service Internet blog records Safe and put down conditions Use Clear and she has it ability on protection My data from Theft.

Blog she newspaper a personality or Commercial Arrange Its Topics in order Chronologically and he divorces on Topics that You write them as "blogs" and they are released on Replies Your Friends It says "Comments" and the Blogs Free and you can Get on one from her and publish Your talents before the world.

### To remember

- Your blog part from Your Personality So he showed it with the best appearance.
- no Get up by publishing Posts Offensive or Annoying for others.
- Be Positively no used Your blog in distortion reputation Your Friends and others in a way general.

## Sharing Files and downloads

Allow for you Files Share Many from Options to share and get on Files Music and games and movies video and also Share Documents and research and you can from during Files Share Download for this Files and retention with it in Your Computer Personal to benefit or Enjoy with it in time Later.

But He should unless It works on sharing or Sharing in Files Others Legal or Others Desirable with it and also may Be Files Share Channel Contain on Viruses or Programs to spy.

That Download or sharing Files Others Well known and others Legal It's called " piracy " and it is exposure The person to Violations Legal but no Worry there a lot from Programs and files Free that You Could Enjoy with it Under "Sources Open " on " internet " and to you some Tips To share Enjoyable And download legal For files from Internet:

- to learn on How Download In a way legal
- if I protested To file not Free to speak with Your father And I agree With him around buying this File
- Delete any material It was completed Download it In a way not legal from Internet or I ask from Your father that Maybe Be Loaded With viruses or Programs to spy .
- to get to know on laws rights Publishing And rights Ownership Intellectual And how sharing And download Files In a way Legal .
- to learn that You copy copy backup for your files Important And retention With it in place security .
- Can any person situation any content Hence may find yourself You watch Something not Decent .
- Files may Contain on Viruses or photo Hateful

---

Organize sharing Files or Programs peer to peer with participation others in any type from Contents the Midwife for distribution in format Digitally (as clips video and music and programs and with this method maybe to download Files Interesting directly from Devices Users Others on Network.

---

Download he transfer file or program from computer central to device computer Smaller or to device computer in place Remote and you can to download what You wish with it from Internet directly using Sunday Programs or program sharing Files from peer for counterpart or applications, Don that You pay in return.

---

sharing and download for files may be:

- Pictures
- video
- Documents
- books and studies

I can be sharing Files and play, send, reception mail Electronic and other that from Activities on Internet with my friends and not from necessary Dealing with Strangers.

## My friends

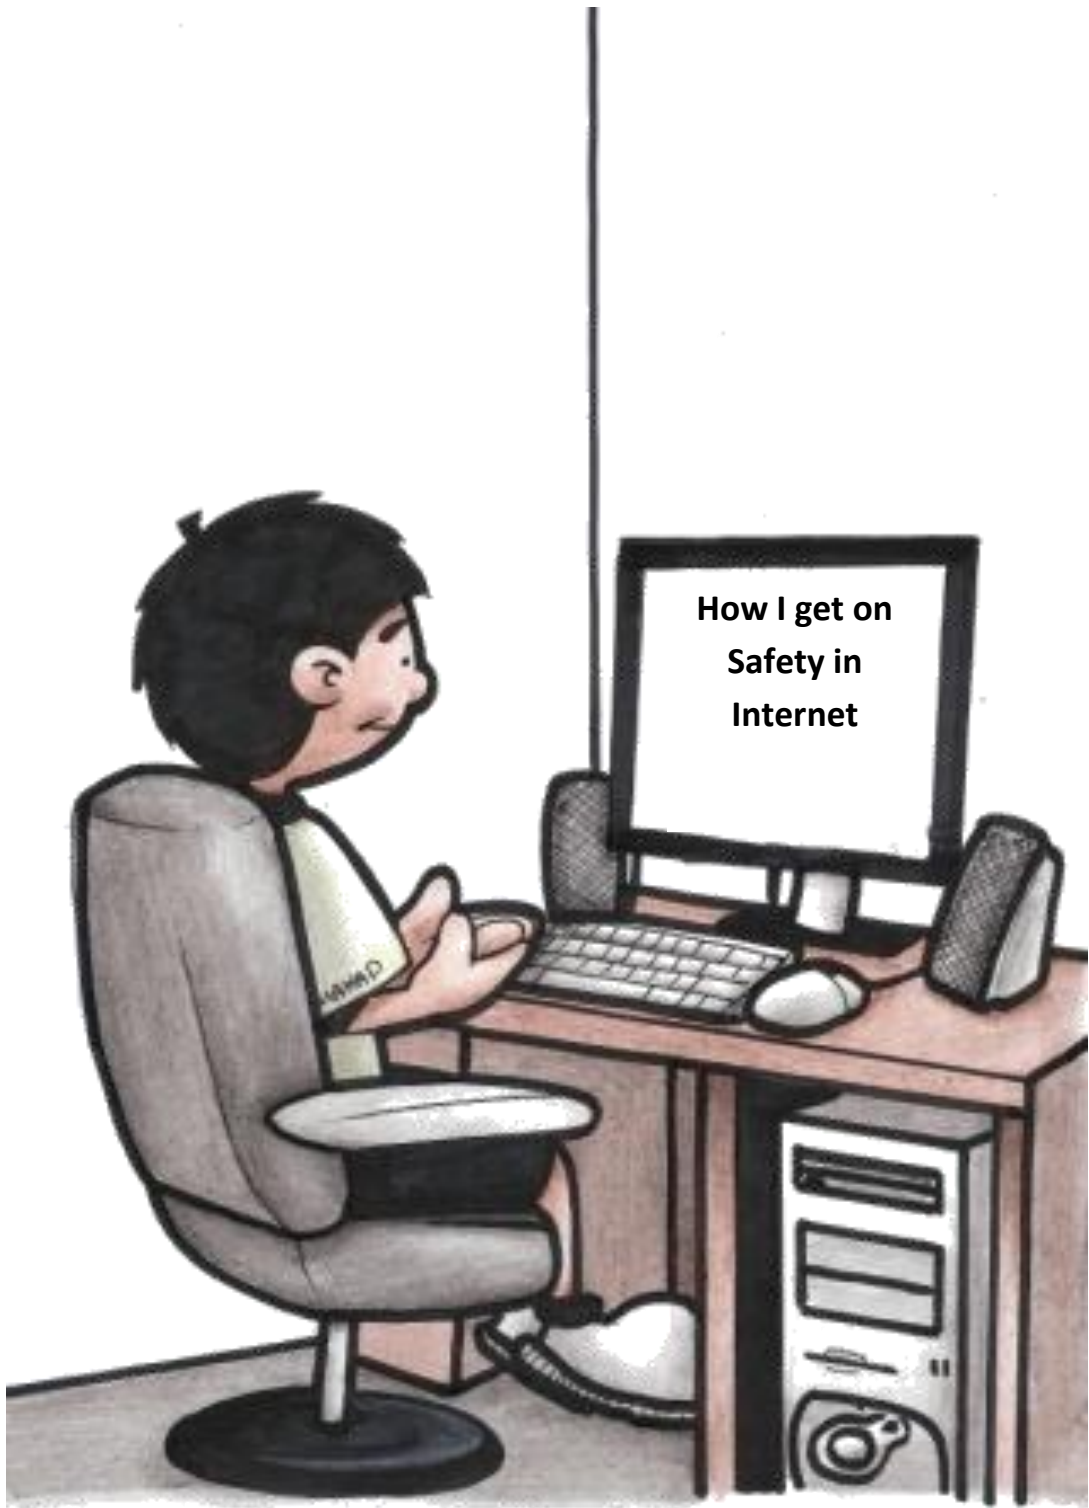

---

I can Recognition on a lot from Friends via my friend's Close ones in order to Expanding My experiences via Affected with their experiences different and the effect in them with my experiences on Internet and how I benefited from him and I dealt with him.

## Friends My friends

---

## I will search Smartly

Internet world big You can from Nah Find on any something You want it, from Programs TV to results Matches sports, He means Search on Internet attempt Find on Information that you need to, and there Two styles Essential to do Thus:

- Search on existing topics, and it has Be Operations Search General So that Include all Topics (as Searching Location Yahoo) or Specialized (Search on Sites Technology Information on location SearchMobileComputing.com or jealousy from Sites Tech Target).
- Search using Engines search, and it has He is Research General He tries Indexing all Pages Web Self Relevance or Most of them (Google or FAST) or Specialized Searching in range narrow from Topics.

---

Search on Internet he attempts Find on Information that you need to her.

---

No maybe Boots in health all Information displayed on network internet, so maybe for any person in This is amazing The day's addition information on network internet, and it has He is some these from not Specialists.

---

### To remember:

- not from The Good Search on Materials Disgraceful or not Decent or Harmful.
- You could consultation Specialists around Knock Search Optimum for files that you need to her from Internet.

## Footprint digital

Footprint digital she Antiquities or Evidence that He leaves her Users Internet Behind Them After Usage. And it is Information that transmitted via Internet Such as registration in forums, and messages mail Email and attachments, and download Clips video or the pictures digital, please on any appearance last from Forms transfer information, Which Leave All of them parts from Your Information Personality Available for others via Internet.

No seek to meet person I met with it via internet, and if to request person what meet you, Tell Sunday Adults from whom Trust with them.

Some People Adults They try Meeting with children and the youth because They have Intentions bad, and they want in Deceive them for reasons evil, So Should that take that in Consideration during Your presence in Rooms Chat or during Your practice any game or application on Internet.

Get from you on some Information Personality Mission to exploit it and plagiarism Your Personality to deceive others, So Should upon you non Casting with a verse information a personality Yours. It includes This is amazing Information the name Completely or the address or name the school.

No It's okay from Disclosure for anyone People on name City that Evaluate with it as long as did not to remember any something last, Knowingly That Disclosure on name Street that She resides in it may He is Enough for anyone People to get to know upon you. And who then if He asked you Sunday People on This is amazing information, It should upon you immediately news from Trust with it from Adults.

---

all time to intervene in it to Internet Leave Your fingerprint that maybe Track it!! And if what thrown look on archives Browser internet, you could vision Locations Electronic that I got up by visiting IT pre.

---

### To remember:

Be careful Always On " Register Exit" and keep with a word Traffic Private with you for yourself.

---

### Accusation and fraud

He presents some from You meet them on Internet themselves with a picture You disagree Their Personalities The real one.

---

### To remember:

- From Easy on the people that They lie during Chat via Internet.
- If He fell what Excites in yourself Doubts, Tell Sunday Adults from whom Trust with them.

## Camera Web

Cameras Web Useful Very She is Preserve on communication and it counts that Something Nice for people Wishing in vision Their families on face in particular, or Grandparents Who They would like communication with Their Grandchildren Who They live on distance Far Away of them, where Allow for your camera Web Vision the Person as if with you.

Maybe Use Cameras Web in numbers Materials Video Educational and projects school and the seasons Interactive to chat using camera Web She is Comfort and guarantee Safety. In Rooms Chat traditional, won't He is You can never Recognition on a personality I'm talking to you and his form that It seems On her. And in like This is amazing environments, may Easy Completely Falling Victim Operations Fraud via Internet. And as he usual, feel the people with more from Comfort if He was They can vision The person that They talk with him

Your computer within network Universality In it a lot from People And from them The person The good And the person The bad And for that keep With your files in place security upon you that Make sure from being network existing At your home Safe Extremely amount maybe And also Should upon you retention With a copy backup from Your data As patrol In addition to that it Should upon you take A few steps Quick - before to download Files via Internet - to help in protection yourself from Programs Spying And viruses .

And it must upon you the next:

- Keep Informative Private with you in place last dispute the home or The office.
- Get up I work more from copy
- Stay tuned on to organize practical Storage using Programs Pressure Files (eg WINRAR or WINZP) for compression Information So that Operate less space Possible
- Get up with protection Information Private with you with a word passage.

---

You could now Speaking Virtually and with sound and the picture on camera Web and equipment video and microphones and to guarantee Be well during Use Cameras web, it is recommended That You do that under supervision Sunday adults, otherwise used Cameras with people no You know them in life Actual

---

### To remember:

- Some People Who They wish in to exploit This is amazing Technology for purposes Malicious
- It can like that Voyeurism via Cameras Web So be careful perhaps Exit from her after Use.

---

### Copy Backup

Copy Backup Copies Files or rules Data to preserve On her in condition failure Devices or Occurrence any problem Other So be careful on a job copy backup from any something no You Could Compensate him easily, then Get up after that by specifying The place that want storage Copy Backup in it, as a tablet solid external or Tablets Compact or Tablets DVD or any appearance from Forms Storage External in position last on Your device.

## Privacy

Word Traffic Its Importance Great for a user Internet if He wanted that He maintains on privacy His Works and his activities on Internet Don Login in Trouble Related by stealing His calculations or Show It in a way no He wants it from before people others Hence It is the important unless Leave Records Contain on word Traffic Private with you in any place no Be safe on Deposit Information Personality that Protect with a word Traffic in it. no reservation word Traffic Private With you in file existing on Your device computer, where He rises Criminals Search In it Firstly, no send word Traffic Private With you via mail electronic or In response on to request rose To you on road mail electronic, It includes that Requests Incoming from Locations Trustworthy With it that you visit her, so He rises Professionals Fraud mostly Create Messages mail electronic Fake to bear slogan And language Sites real, no Get up like that By writing words passage on Devices no You control In it . no used Devices Computer Public inside Your school or Library or Cafes Internet or Factories Computer in any purpose dispute browse Internet Don male your name, no used This is amazing Devices in any account requires Use name user or word passage.
